Momoh – A lot can happen in a week, & it has!

Last week I said that we had agreed a price for building Momoh a new HOME, having taken out a few items in order to keep the costs down. I am pleased to report that, due to the **FANTASTIC** response to my appeal, we have raised enough funds to complete the build, including adding back in the items that we had removed from the quote.

MANY heartfelt thanks to **EVERYONE** who responded to the appeal which raised **£4,940**. Momoh is sat on the plot where his HOME will be

I've sent some money, the sand has been delivered & they have made about 200 blocks today

Some more good news

In early March I introduced you to Ishmael who was seriously ill, but with the support of several donors we got him into hospital in Freetown for scans and tests, where he was diagnosed with severe pneumonia. He was placed on a special nutritional programme and a course of medication. After a six week stay, for both Ishmael & his carer Alice, he was discharged earlier this week but remains on a course of medication for the present.

Ismael & Alice at Church, on Sunday morning. Alice sends her sincere thanks to all the donors who, almost certainly, saved Ishmael's life. Ishmael is going back to the hospital for a routine check-up tomorrow.

Banbury Irish FC donate kit to Banbury International Community School

The green kit is courtesy of Banbury Irish FC and the football boots were donated by boys from Oxford United's Youth Academy.

AlansAfrica is supported by:

Kunduma well

Just 8 weeks ago we started to dig the well, within the Kunduma Community which will impact the lives of approximately 500 people from Kunduma, including the school, and another village. We are going to build a protective wall around the concrete base, then the project will be complete.

The video shows the engineer drawing off the first water and making some adjustments to the pump.

Click [here](#) to enjoy the video and the kids!

Liverpool Community School

Do you remember 8 year old Rose??

Two years ago Rose, who was 8 at the time, swam 250 metres in The Great North Swim, in Lake Windermere and raised £200 which funded 22 chairs for the Junior library at Liverpool Community School. Due to Covid I last visited her school, in Ashby de la Zouch, in October 2019, so imagine my surprise when a couple of weeks ago I received a donation from her of £150! She told family & friends that she didn't want any birthday presents, but would like to donate any money they would normally spend on her to the children at Liverpool Junior School. This will fund TEN 3 seater desk & bench sets for the new Junior classrooms. **ROSE, YOU ARE A STAR!**

Progress on the 2-classroom block is going well. As you can see they have started rendering. When that is completed they will then concrete the floors

Oxford United Youth Academy, donate team strips

Both the blue team strips were donated by Oxford United Youth Academy. This was just part of a large donation which included 40+ pairs of boots and several other strips and assorted items of kit.

Banbury Irish FC donate 2 sets of kit

The boys love their kit even with assorted sponsors
