Momoh – the latest news

As you see, the progress is really good. They are working on the gable ends, then the roofing will start and the doors & windows will then be fitted.

Liverpool Community School

The 2 new Junior classrooms are 99% complete with just a few finishing touches to be applied. We have also provided **50** three-seater desk & bench sets and blackboards. The classrooms are already in use before the start of the “rainy season”.

Eleven desk and bench sets were sponsored by 10 year old Rose, from Willesley School, Ashby de la Zouch. This was the result of her donating her **£150** birthday money to support her peers at her “Twin” school in Sierra Leone **THANKS ROSE!**

The furniture may look basic but it is functional.

Calvary Praise Academy

I have known Pastor Mark since 2005 and have worked with him since 2009. He is involved with this second school and I have agreed to help fund some classroom furniture and also sink a well with a gravity fed water system. Work began **YESTERDAY** and look at the progress already! He is going to have to dig deep, can **YOU?**
