Kankalay School, Port Loko

The above photo was the classrooms in March this year – no an ideal learning environment for 200+ pupils

I pledged to build 4 replacement classrooms and add in a staff room, office and store room.

The photo below was taken yesterday – all that needs doing to complete the building is a final coat of paint.

The next phase is to furnish the classrooms with desk and bench sets & provide furniture for the staff areas.

Each desk & bench set (for 3 pupils) costs £15, we need a total of 60 units, plus the staff furniture.

My tag line is **“Making A Real Difference”** - I think the 2 photos demonstrate that **WE** have achieved that. We started this project on 23rd March and have almost reached our goal. So many individuals, Rotary Clubs, organisations and businesses have “bought into” the project and made this possible and I would like to thank all of **YOU** for helping me **“Change Lives & Make Dreams A Reality”** for 200+ children at the school.
